Dear Dick:

I wrote the Rand Corporation at 1700 Main Street, Santa Monica California, 90406 re 'Project Star' but ex pectedly received no reply.

Perhaps you will have better luck.

Found this enclosure from James Gavin's review of the brightest and the best very interesting in its confirmation of Pentagon duplicity vis a vis JFK.

Sincerely,

Rand Corp: The new president is expecting a letter from me. He is a local boy making good. I think the prospects are better if he has a chance for disenchantment.

Thanks
